## Meteor CF-300

### Solid/Powder Dispenser

The Meteor CF-300 dissolves solid or screen packed granular cleaning chemicals that are used in commercial dishwashers, pot sinks, flatware pre-soak tubs or mop buckets. The compact and lightweight Meteor is molded of durable, chemically resistant, polypropylene plastic. Each Meteor includes all the parts necessary for either a wall-mount or top-mount installation.

15-06910-00

#### Features

- Durable, glass-filled polypropylene
- Perfect for wall or top mount applications
- Resistant to internal chemical build-up.
- Reliable spray diverter ensures maximum safety.

#### System Advantages

##### Safe Operation

A special spring loaded stainless steel deflector keeps water from spraying out of the METEOR if the capsule is removed during operation.

##### Accurate Nozzle Placement

The spray nozzle is located at the optimum point below the capsule's opening to ensure that all chemical is completely flushed out of the capsule.

##### Convenient Mounting

The four wall mount holes have been arranged in a pattern that allows the METEOR to replace others bowls without drilling new holes.

##### No Chemical Build-up

The METEOR's interior drains freely and completely to reduce chemical residue build-up. The optional SWIRL-CLEAN Spray Tube part # 13-08209-00 provides a water swirling action to further eliminate chemical build-up.

##### Selectable Spray Pattern

With four different nozzles to choose from, the METEOR'S spray pattern can be set-up to optimize the dispensing of virtually any solid or screen packed powder.

### Complete Installation Kit

All of the parts and pieces required for installation are included: An optional metal vacuum breaker is also available.

### Universal Mounting

The METEOR will perform equally well whether it is top or wall mounted.

### Large Logo Area

A wide recessed area on the front edge of the METEOR has been provided for the addition of optional customized labels.

### Corrosion Resistant

The METEOR is molded of high impact glass filled polypropylene and will provide years of trouble-free service.

## Ordering Information

Model	Description
15-06910-00	Meteor Capsule Feeder NOVA Standard
00-07855-00	Meteor Capsule Feeder w/ Ball Valve & Bracket
00-07845-00	Meteor Capsule Feeder w/ Mechanical Timer & Bracket
00-08098-00	Meteor Capsule Feeder w/ Sink Fill Bypass
00-08300-00	Meteor Capsule Feeder w/ Solenoid Valve
13-08209-00	Swirl-clean Spray Tube

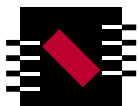

00-08098-00

### LIMITED WARRANTY

This unit is warranted against defects in materials and workmanship for a period of one year from the date of delivery and covers all parts of the unit except the elastomer pump tubing. Any units which prove to be defective within the warranty period will be repaired or replaced when returned to the factory, freight prepaid. No other warranty is expressed or implied. Equipment abuse or misuse voids warranty. Warranty does not cover any consequential liability resulting from the performance of the equipment.
